

HM Breakfast Oats

1 serving | Low Sodium | Low Cholesterol | High Protein | High Fiber

INGREDIENTS

- 0.5 cup old-fashioned rolled oats
 - 0.5 cup 1% fat milk
 - 0.5 cup nonfat plain Greek yogurt
 - 1 tbsp chia seeds
 - 1 tbsp ground flax seeds
 - 1 tbsp Teddy's unsalted peanut butter
 - 1 tsp honey
 - 0.3 tsp cinnamon
 - 0.3 tsp pure vanilla extract
 - 0.5 cup raspberries (fresh or frozen)
 - 1 tsp mini dark chocolate chips
-

PREP NOTES

This is an overnight oats recipe - it requires no cooking. Everything is assembled the night before and refrigerated. By morning, the oats have absorbed the liquid and softened to a creamy, pudding-like consistency. Do not use quick oats or instant oats - old-fashioned rolled oats hold their texture overnight and provide a better result.

Chia Seeds: These act as a natural thickener. As they absorb liquid overnight they expand and create a gel that gives the oats a creamy texture. Do not skip them - they also add significant fiber and omega-3s.

Raspberries: Fresh or frozen both work well. If using frozen, add them directly from the freezer - they will thaw overnight and release a small amount of juice that naturally flavors the oats.

Chocolate Chips: Add these in the morning just before eating, not the night before, so they retain their texture.

INSTRUCTIONS

Step 1 - Combine the Base (The Night Before)

In a mason jar or airtight container, add the rolled oats, milk, and Greek yogurt. Stir well to combine. The yogurt adds protein and creaminess while helping the oats soften evenly overnight.

Step 2 - Add Seeds and Flavorings

Add the chia seeds, ground flax seeds, honey, cinnamon, and vanilla extract. Stir everything together thoroughly, making sure the chia seeds are evenly distributed and not clumped together. Clumped chia seeds will not absorb liquid properly.

Step 3 - Add the Peanut Butter

Add the Teddy's unsalted peanut butter. Stir to incorporate - it does not need to be perfectly blended. Small streaks of peanut butter throughout is perfectly fine and adds flavor variation in each bite.

Step 4 - Add Raspberries

Gently fold in the raspberries. If using fresh, add them whole. If using frozen, add directly from the freezer. They will settle naturally overnight.

Step 5 - Refrigerate Overnight

Seal the container and refrigerate for a minimum of 6 hours, ideally overnight (8-10 hours). The oats need time to fully absorb the liquid and the chia seeds need time to swell and thicken the mixture.

Step 6 - Morning Assembly

Remove from the refrigerator. Give it a good stir - the mixture will have thickened considerably. If it seems too thick, add a small splash of milk and stir to loosen. Top with the mini dark chocolate chips just before eating.

Step 7 - Serve

Eat cold directly from the jar or transfer to a bowl. No heating required. If you prefer it warm, microwave for 60-90 seconds, stirring halfway through, then add the chocolate chips after heating.
